

**Construction/Civil Lead
Competition # MG0002****Closing Date: Sunday, May 9th, 2021**

Marathon Gold Corporation (“Marathon” or the “Company”) is engaged in the exploration and development of the Valentine Gold Project (the “Project”) located in the central region of Newfoundland and Labrador. The Project is currently undergoing an environmental assessment with a view to construction commencing in early 2022 and first gold production in 2023. Once in production, it will be the largest gold mine in Atlantic Canada and a major employer in the province. Marathon is a public corporation (TSX:MOZ) headquartered in Toronto, Ontario with a regional office located in Grand Falls-Windsor, NL.

Additional corporate and Project information is available at www.marathon-gold.com

Marathon Gold is currently inviting applications for a Construction/Civil Lead to join our growing team as the company transitions to mine construction and ultimately mine operations.

Job Description

Reporting to the Vice President Projects, the Construction/Civil Lead will be responsible for ensuring the project’s site services requirements are met in a timely and efficient manner while minimizing disruption to the project. This role will be the key interface between the owners team and contractors. The incumbent provides leadership and direction to the execution of the work required to support the Project. The scope of work includes: civil works, road maintenance, snow removal, supporting the development of procedures, risk assessments, and safety routines as per the Company’s health, safety and environment program.

The Construction/Civil Lead is a site-based position, on a 4 day on, 3 day off rotation.

Accountabilities/Responsibilities:

- Monitor the coordination of project activities in alignment with Marathon Gold’s objectives which will be instrumental to mitigating risk and increasing overall efficiency for site.
- Coordinate various Site Services activities required to support the project.
- Represent Site Services at the daily project meetings.
- Ensure that contract and equipment resources are in place as required, to support: civil works, winter snow clearing and sanding of roadways and yard areas, garbage pickup, fuelling of mobile equipment and other services required to support the project.
- Coordination of the daily activities of the crews to ensure a high level of service is provided to the project.
- Review and develop where required; SOP’s, Risk assessments for the various activities in the Site Services area to ensure they are suitable for the work being performed to support the project.
- Ensure that effective Health, Safety and Environmental procedures, government regulations and Marathon Gold NL standard operating procedures (SOPs) are being implemented and followed.
- Perform Safety inspections of the relevant areas in conjunction with Health, Safety and Environment personnel and contractors.
- Provide administration and coordination of activities involved in mobilization and demobilization of freight and equipment to support the project.
- Complete various other assignments and activities as directed by the Manager.

Education

- Bachelor of Engineering, Civil Discipline, or Technologist with significant experience.

Skills and Knowledge

- Proven field experience of surface construction activities especially at remote sites.
- Demonstration of knowledge with respect to health, safety and environmental requirements at remote sites.
- Expert knowledge on Construction safety Standards with ability to drive safety culture.
- Ability to work and demonstrate an integrated team approach to construction.
- Proven people leader with solid experience management and developing multidisciplinary teams.
- Results-oriented with an extremely high work ethic, excellent communication, planning skills stringent quality standards, and a can-do attitude.
- Project management experience that includes contracts and administration, materials control and project accounting.
- Previous management of multiple construction contractors simultaneously as part of the Project Management Team.
- Development, coaching and training coordination of all direct reports to help team succeed.
- Proven success in large scale industrial projects; experience in field leadership roles considered a strong advantage.
- A valid driver license and a driver abstract.

Marathon is an equal opportunity employer committed to local hiring preferences and all applications will be considered on this basis. We value equity and diversity and are committed to creating an inclusive workplace environment for all employees. Marathon reserves the right to hire only those candidates who are appropriately qualified for the position advertised. Marathon will review all applications; however, we will only contact those candidates who best fit the requirements.
