

Training Superintendent Competition # MG0010

**Closing Date:
Friday August 6th, 2021**

Marathon Gold Corporation (“Marathon” or the “Company”) is engaged in the exploration and development of the Valentine Gold Project (the “Project”) located in the central region of Newfoundland and Labrador. The Project is currently undergoing an environmental assessment with a view to construction commencing in early 2022 and first gold production in 2023. Once in production, it will be the largest gold mine in Atlantic Canada and a major employer in the province.

Marathon is a public corporation (TSX:MOZ) headquartered in Toronto, Ontario with a regional office located in Grand Falls-Windsor, NL.

Additional corporate and Project information is available at www.marathon-gold.com

Marathon is currently inviting applications for a Training Superintendent to join our growing team as the company transitions to mine construction and ultimately mine operations.

Job Description

Reporting to the Manager, Human Resources, the Training Superintendent will lead the development, implementation and maintenance of effective training plans and programs to meet all on-site and off-site training requirements. The incumbent will also be responsible for organizing, planning, directing and implementing training activities and providing expertise in the area of training systems and process development.

The Training Superintendent will provide continuous leadership and guidance to the training team in the performance of their jobs in the areas of safety, environment, job specific requirements, and employee personal development.

This position will work Monday to Friday from the Grand Falls-Windsor office and transition to a site-based role, working on a 1 week in/1 week out rotation.

Accountabilities/Responsibilities:

- Provide oversight for training programs, career development and planning process, and any other programs as required to meet workforce requirements.

- Identify training needs and requirements and ensure those needs are met by working with the training staff and department managers to coordinate and deliver the training programs.
- Provide oversight to leaders in the development and management of role specific competency profiles.
- Develop an annual training calendar based on the needs of the business.
- Actively drive training responsibility through line management and employees while monitoring, auditing, and providing expertise and advice.
- Provide leadership and guidance to the training team and provide effective formal and informal feedback.
- Maintain strong relationships with external training institutions to ensure delivery of relevant and timely training programs (ie. apprenticeship training, mining technician/blasting/drilling training, and personal development training programs).
- Provide regular reports to the management team and other relevant stakeholders.
- Responsible for the strategic planning of the learning and development programs, including the ramp up and transition of the mine and process plant operations.
- Perform other duties as assigned.

Experience & Qualifications

- Post-Secondary Degree or Diploma in Education, or other related program.
- An adult learning or teaching certification is an asset.
- Minimum of 8-10 years of combined experience as an adult trainer and supervisor within a production environment.
- Experience with Provincial legislative and regulatory requirements applicable to the operation of a remote mine site.

Skills and Knowledge:

- Ability to multitask and work with changing/conflicting priorities.
- Ability to prepare training materials and deliver training courses to small and large groups.

- Capable of prioritizing and planning work activities to meet the business requirements.
- Advanced computer skills.
- Able to work independently and as an active team leader and team member.
- Strong relationship management, consulting and influencing skills.
- Understanding of Occupational Health and Safety Regulations, Company standards, policies and procedures.
- Knowledgeable in In-depth understanding of operation processes.
- Excellent interpersonal and communication skills (both written and verbal).
- Ability to exercise appropriate levels of discretion and confidentiality.
- A valid driver's license and driver's abstract required.
